Summary

Computer Engineering graduate with hands-on experience in IT support, computer and network maintenance, and telecommunications infrastructure. Passionate about cybersecurity, penetration testing, and software testing (currently training), with practical knowledge of web security tools and methodologies. Strong problem-solving skills, fast learner, and eager to grow in cybersecurity, software testing, and technical engineering roles.

Education

Bachelor's Degree in Computer Engineering – (BHI) GBA: 2 (Good) Jan 2018 – Jun 2023.
Graduation Project Grade (A+) (Registered with the Egyptian Engineers Syndicate).

Work Experience

- **Software Engineer Trainee, DEPI** Online Nov 2025 – Jun 2026
 - Java programming & OOP concepts (reviewed)
 - ISTQB (upcoming)
 - Software Testing basics (currently training at DEPI)
 - Soft skills development (communication, presentation, teamwork)
- **PM Engineer, Afro Egypt** Downtown – El Alamein Jun 2025 – Oct 2025
 - Provided technical support to employees by diagnosing and resolving hardware, software, and basic network issues.
 - Installed, configured, and maintained desktop computers, printers, and peripheral devices.
 - Assisted non-technical users through clear communication and guidance, reducing downtime and improving productivity.
 - Performed routine system checks and updates to ensure stable daily IT operations.
- **IT Helpdesk, MISC (Part-Time)** Awlad Saqr - Sharkia Jan 2019 – Jan 2021
 - Provided technical support to employees by diagnosing and resolving hardware, software, and basic network issues.
 - Installed, configured, and maintained desktop computers, printers, and peripheral devices.
 - Assisted non-technical users through clear communication and guidance, reducing downtime and improving productivity.
 - Performed routine system checks and updates to ensure stable daily IT operations.

Technical Skills

- **IT:** Computer & Laptop Maintenance, Hardware & Software Troubleshooting, Windows & Linux Systems
- **Networking:** Basic Networking, Routers & Switches, IP Configuration, Network Troubleshooting
- **Cybersecurity:** Penetration Testing Fundamentals, Web Security (OWASP Top 10) & Security Tools like : Burp Suite, Nmap, Nuclei . and Virtualization Tools.
- **Scripting:** Python, Bash Virtualization Tools

Languages

- **Arabic** Native Speaker
- **English** Good

Military Service

- **Completed** Jan 2024 – Mar 2025
